Ledgerline Error Code Reference

Document	LL-ERR
Version	v4.0
Effective from	15 August 2026
Owner	Ledgerline vendor
Approved by	Northbridge IT
Status	Approved

1. How to read this reference

Each code is followed by the exact message shown on screen and what the user should do. Codes are grouped by the screen or check that raises them.

2. Invoice entry (FIN-AP-01)

Code	Message	What to do
ERR-AP-0107	Duplicate invoice: supplier GSTIN and invoice number already posted in this financial year.	Check the supplier; do not re-enter.
ERR-AP-0212	Price variance above tolerance. Invoice placed on hold H-PRC.	Ask the purchase manager to confirm the price.
ERR-AP-0215	Billed quantity exceeds accepted quantity. Invoice placed on hold H-QTY.	Ask stores to confirm the accepted quantity.

3. Tax checks

Code	Message	What to do
ERR-GST-0418	IRN not found or cancelled on the e-invoice portal. Input tax credit not booked.	Refer to the tax manager; ask the supplier for a valid e-invoice.
ERR-TDS-0505	PAN inoperative. TDS rate set to the no-PAN rate.	Ask the supplier to link PAN and Aadhaar.

4. Payments (FIN-AP-05)

Code	Message	What to do
ERR-PAY-0331	Payment parked: approval missing for amount above limit.	Get the financial controller's approval.
ERR-PAY-0340	Run cut-off passed. Payment moved to the next Friday run.	Check the payment calendar.
ERR-BNK-0602	Bank account changed less than 24 hours ago. Payment blocked.	Wait for the hold to end.
