Transit Insurance Claims Policy

Document	POL-INS-002
Version	v1.0
Effective from	1 November 2026
Owner	Vikram Nair (financial controller)
Approved by	Finance director
Status	Approved

1. Scope

1.1 Goods covered

This policy covers goods bought by Northbridge that are damaged while being carried to its Pune factory.

1.2 The policy

Northbridge's transit insurance policy number is TRN-2026-08812. The Insurance desk holds the policy schedule.

2. When goods arrive damaged

2.1 Notifying the insurer

Goods damaged in transit are Northbridge's risk; the insurer must be notified within 24 hours of delivery. Asking the supplier for a credit note first is not allowed, because it delays the notice.

2.2 Keeping the goods

Damaged goods are kept aside, with photographs, until the insurer's surveyor has inspected them. The driver signs a remark on the consignment note before leaving.

3. The transporter

3.1 Notice to the transporter

Written notice of claim goes to the transporter within 7 days of delivery; the legal limit is 180 days (Carriage by Road Act 2007, section 16). The notice protects the insurer's right to recover from the transporter.

4. The claim

4.1 What is claimed

The claim includes the GST that cannot be claimed back as credit, because credit on damaged goods is blocked.

5. Responsibilities

5.1 Who writes

The Insurance desk sends every notice to the insurer and the transporter; Ask Northbridge only drafts. Stores records the damage; accounts payable books the claim.
